### **! WHY THIS MATTERS**

**Want to appear on the Order of Merit? You need to join.**

To receive official CPG International Series Order of Merit points, players must hold an **active International Series Membership**.

Without membership:

- your event entry remains valid
- you can still take part in the event
- but your results will not be included in the official Order of Merit standings

This is also important for players hoping to work towards qualification opportunities linked to the 2026 Grand Final.
